BOOTSTRAP IMAGES

Bootstrap's grid system allows up to 12 columns across the page.

Rounded Corners:

Circle:

Thumbnail:

BOOTSTRAP <IMAGE> CLASSES

.img-rounded	Adds rounded corners to an image

<img src="sana.jpg" class="img-rounded" width="204" height="236">

BOOTSTRAP <IMAGE> CLASSES

.img-circle	Shapes the image to a circle

```
<img src="sana.jpg" class="img-circle"
width="204" height="236">
```

BOOTSTRAP <IMAGE> CLASSES
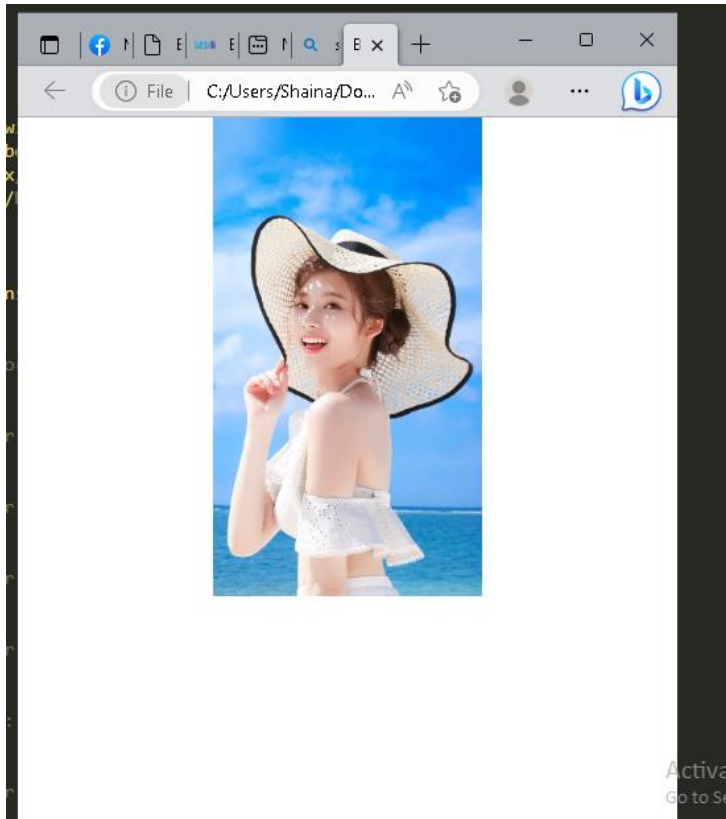

.img-thumbnail	Shapes the image to a thumbnail

`<img src="sana.jpg" class="img-thumbnail" width="204" height="236">`

BOOTSTRAP <IMAGE> CLASSES

.img-responsive	Makes an image responsive (will scale nicely to the parent element)

<img src="sana.jpg" class="img-responsive" width="204" height="236">

BOOTSTRAP ‹IMAGE› ACTIVITY 3:

- Create a player's gallery for any team (in any sport) you want. Make sure to use the bootstrap classes, and your webpage must contain 12 or more players. You can customize the design based on your tastes. Kindly use the attached screenshot of the webpage as your guide.

- Print on short bond paper your output and codes.

Criteria:

50%: responsive webpage and use of Bootstrap image classes

30%: overall design

20%: content of the webpage
